The Knights Templar are in possession of Louisville this week.

Mr. Zach Phelps, a prominent lawyer of Louisville, was dangerously ill with pneumonia last week.

There is a movement on foot to purify London, England. The promoters could go lower and get an easier job.

Ex-Gov. J. Proctor Knott, who has been in declining health for several years, has resigned his position as head of Center College law school.

The Republicans of the Danville Senatorial district have nominated W. B. Cochran, of Liberty, Casey county, for Senator. He is a Boring man.

The wife of Governor Beckham, who was so dangerously ill last week, is much improved and is now considered out of danger. She recently became a mother.

Circuses and all other traveling shows are now giving Bowling Green the go by. The city has quarantined against them, fearing they might bring small-pox.

The Attorney General of Indiana has ordered that no more licenses shall be issued in Jeffersonville and New Albany to non-residents. Several Kentucky couples were refused after the order was made.

The rich as well as the poor occasionally catch the little leaden bullet. Last Wednesday Sam Strong, the millionaire mine owner, was shot and killed, at Cripple Creek, Colorado, by Grant Crumley.

The National Association of Mexican War Veterans will meet in Cleveland, Ohio, at the Chamber of Commerce, at 10 A. M., September 12th, 1901. Headquarters for the Association will be at Lincoln Hotel. Comrades who intend going to the meeting can find accommodations for board and lodging at reasonable rates. Ask railroad ticket agents for grand army of the republic rates to Cleveland Ohio. Exchanges please copy.

H. H. Hosson.

Mr. Bryan denies the story that he will remove his paper to and become a citizen of Chicago, and also run for mayor of that city.

A mob which undertook to take a convicted negro from an Alabama sheriff last Thursday met with a shower of bullets, and one man was killed and another seriously wounded. The negro may deserve hanging and if the law should be enforced.

We have received several political communications recently which we have declined to publish for the reason that we did not believe the tone of them would do the Democratic party any good. The way to gain votes is by logical arguments. To adopt any other manner is a mistake.

There is a great deal being said just now about reorganizing the Democratic party. The organization is all right. There is just one thing to do, and that is to bring about the former strength of the party—those who voted the Republican ticket to come back in ranks.

There was a little trouble in Whitley county last Thursday. When the smoke cleared away there were five men dead. It is somewhat remarkable that a peaceable country like Eastern Kentucky should be called upon to record such an occurrence.

If the county canvass continues as it has begun there will evidently be no bitterness when the fight is over. Both the Democratic and Republican candidates are in the best of humor, a situation that every body like to see. In fact there is no mind to throw, and we believe that perfect friendship will exist when the last halloo has been cast. It will be a "warm cake" for the spoils and the best management get them.

The Democratic candidates for United States Senator are moving over the State. Congressman Wheeler is the only candidate who has made an address in support of his claims, laying down the policy he would pursue in the event of election. He has a strong following in the Purchase and has carried strength over the State Governor McCreary has perhaps been over more territory than any of the candidates and the indications are that he has developed more strength. Hon. Dave Smith is backed by the Fourth Congressional district and is just leaving for the Seventh. It is little difficult to tell who will be in the lead when the Legislature meets, but to us it looks like Gov. McCreary will enter the caucuses with the strongest following. Should he do that he will be in great danger of being defeated by a combination. The weak invariably combine against the strong.

John H. Morgan, postmaster at Nagle, O. T. has been arrested and held under a \$5,000 bond for sending obscene matter through the mails. He wants a wife and advertised himself as being 28 years old when in reality he is 55.

He received 1,000 letters from women in every part of the United States. Some of the letters fell into the hands of a detective and they were so dirty that Morgan's arrest followed. Women who answer matrimonial advertisements almost invariably have a second thought to deal with, though in a few instances happy marriages have been brought about. We knew one case in Eastern Kentucky where a man opened up correspondence with fifty or sixty girls, and to about half of them he engaged himself, several months before his wife died. He was from the granite hills and the Hampshire. He claimed to be a preacher, or temperance lecturer and made some pretensions as a newspaper man. In all three of these vocations he was very inefficient, but when he came to practicing racecraft his equal was not between the town in which he was stopping and the darkest corner in the lower regions.

In Life Worth Living. Sleeplessness, debility, nervousness and palpitation of the heart are not diseases; they are symptoms indicating that the various vital organs are not working in harmony. Morley's Liver and Kidney Cordial restores order and rid the body of all waste products that clog the system. It insures sound digestion, sound nerves and sound sleep. Ask your druggist.

### Found at Last.

All who have cancer, colic, waxes, tumors, catarrh and partial blindness and want to be cured without medicine or the knife, will please write to Prof. J. S. Chapman, Glasgow, Ky. No cure no pay.

Since the Fair is a thing of the past and since some who contended for honors and premiums failed to have their judgments carried into effect in the many decisions rendered, and since some of the contestants seemed a little cross with the Secretary, I have this statement to make and no other: In the first place I tender my thanks to the many who rendered me assistance in many ways, and especially to those who acted, or were willing to act, as judges. Further, I appreciate the treatment of the majority of exhibitors had honestly believe that the spirit of rivalry induced some of the contestants to require too much effort from me. I performed my duty as best I could and am leaving to God and to the jury strictly in the "midst of the road"—played no favorites and have no apologies to offer for the good will of any man. The little contentions were but for a moment and I hold in high esteem all the stock men who participated in our Fair. No malice, no wounded feelings lurk within my breast. I am ready to meet you with a smile.

C. S. HARRIS, Sec.

In entering a ring for a premium where there are two or more contestants, one very important thing should be taken into consideration, and that is, but one can receive the premium and the defeated aspirant should at once become reconciled to the decision. The judges go according to their own judgment, if they are honest, and there is no going behind the returns. We do not say that a contest is invariably decided right, but when a decision is once made, the ribbon tied, it is best to whistle a tune, something like "John come down the bottom," and say not a word.

During the twelve or fourteen days rain Green river at Nashville was at no time past flooding. Corn on the river was not damaged in the least, and there will be a large yield. A great deal of damage was done to corn on the Cumberland river banks, but the main heavy losses were not reached. In estimating this loss one farmer is a very heavy loser. It was divided from Burnside to Nashville.

## SUCCESSFUL FAIR.

The regular program of the Columbia fair was finished last Friday afternoon and from start to finish the exhibitors were all good and the people have been well paid for their time and money. The gatherings were rather small the first and second days, but the third and fourth were good and the Association is hale and hearty. The premiums offered were fairly high and brought out keen competition from some of the best strings of stock in the State which includes those of our own county. The exhibitors in Floral Hall, the first day, attracted a good 1,000 people, and the ladies in the rings added in domestic manufactures and the many fine hogs, sheep, cattle and mules shown, were ample proof that this section is the equal of most any country and that our farmers are out of the easy-going groove. The many good rings of saddle and harness horses, that were so hotly contested, from beginning to close of the fair, proved that our horse men are able to meet the best in all the land. The exhibitors from other sections who were here had stock worthy of blue in the best company at any fair. The people who saw the entire exhibition was good and we feel it our duty to state that the finest lot of cattle, the get of one stallion, that ever met on our fair grounds, was seen last Friday afternoon when Jordan Peacock's colts were led into the ring for the judges to determine the best four colts, 180, entitled to liberal premiums given by Mr. Gray—the owner of Jordan Peacock. The special offered by Colfax Bros. for the colts of Kentucky Squire did not bring out such a large number of colts but it did bring to the track one of the finest colts belonging to B. F. Paul who has ever seen—one that will be a worthy, baring accident, to meet the best in all the land at the great fair to be held in St. Louis. The young lady riding ring, on the riding ring, was witnessed by 250 people and the two young ladies who rode the riding ring the admiration of all. It was the closest contest ever witnessed in this section. On the fourth day the finest turnout elicited much praise. With three contestants, it was a fine show and the judges could not make all time in determining the winner. The cake walk, the crowning feature of the entire program—the best wine, was retained for the closing hours of the fair and when those four beautiful little girls, Misses Beale Wolford, of Nashville, Lila Rosenfield, Mabel Atkins and Kate Murrell, in full, stepped to the tune of Goo Goo Eyes for fifteen minutes it captivated the entire assembly of 1500 people who witnessed it. They were all young and words of praise came from every throat, but the richest capture was made when Mr. J. T. Perrin, a half-breed, whose soul was completely Pennsylvania, presented a five dollar bill to each of the young ladies. Mr. Perrin in this section in the interest of the great colts of Kentucky, the day and the cake-walk drove all his trouble away, and his noble impulse and his gratitude was expressed in a most noble way. The Mount Vernon band rendered such music during the fair that all grannies and grandpas, as usually is, were driven away by words of praise. Mr. E. R. Mullins is President, C. C. Davis, business manager and Victor Tate leader. The boys are all good fellows, gentlemen, and no other band has so completely satisfied the people who have attended fairs in this section. They were all well pleased with this section and the boys and are now enjoying the good things of Russell Springs, waiting over to render efficient music for the fair three next week. Our good wishes accompany them. Below we publish the list of winners:
